## 2015

Dear Parents

We would like to take this time to welcome your child into our safe, loving, homely and exciting environment within which to learn through play.

We promote independence through practical life exercises, outdoor play to promote gross motor skills and indoor activities such as sorting, matching, treading, puzzles, memory games and many creative activities which are all important in the development of fine motor skills and creative thinking.

Our programme includes daily circle time which compromises of songs, rhymes, story time, games and theme time, all learning while having fun.

We encourage the development of independence, listening skills, imagination, self-confidence and social skills. We promote the freedom for each child to develop at his/her own pace.
